

3rd International Workshop on
ADVANCED TECHNIQUES IN ACTINIDE SPECTROSCOPY (ATAS)
 November 7-10, 2016

About the workshop

The 2016 workshop will be hosted by EMSL, the Environmental Molecular Sciences Laboratory, at Pacific Northwest National Laboratory November 7-10, 2016. This third workshop represents the first time ATAS has been held in the United States. Participants represent international leaders in the field of actinide chemistry and environmental science who define state-of-the-art spectroscopy and its application.

The 2016 workshop will focus on complementary applications of various spectroscopic techniques and their combination with theoretical approaches that can lead to a more profound understanding of structures, thermodynamics and kinetics of actinide complex formation. The workshop will focus on recent advances in actinide chemistry from both a spectroscopic and theoretical point of view. It will also cover vibrational spectroscopy (IR and Raman), laser-induced spectroscopy (luminescence and photoacoustic), X-ray based spectroscopies (XAS, XPS), nuclear magnetic resonance (NMR), mass spectrometry (AMS, ESI MS), and quantum chemical calculations.

Leading researchers will discuss science challenges in this field, the application of new spectroscopic techniques and highlight scientific results. Through this open format dialogue, organizers will aim to accelerate innovation through sharing recent developments in spectroscopic and other technologies and applications to important science challenges. This workshop series has attracted a broad range of experts in this field from various countries around the world.

Sponsorship opportunities

We are offering three levels of sponsorship:

GOLD \$2,000	SILVER \$1,000	BRONZE \$500
------------------------	--------------------------	------------------------

Benefits	GOLD	SILVER	BRONZE
Exhibit space at the registration, Nov 7	■	■	■
Exhibit space at the workshop, Nov 7-10, located adjacent to refreshments	■	■	■
Prominent location to display marketing materials at the registration, poster session Nov 7	■	■	■
Company logo featured prominently (depending on sponsor level) on ATAS marketing materials and website	■	■	■
Link from conference website to company website	■	■	■
Number of provided conference registrations	2	1	0
Give a company presentation to conference participants at a seated lunch Nov 7 or 8. <i>Limited space available. Based on a 1st come, 1st served basis</i>	■
